The top diagram shows a tree structure with 4 nodes and 3 edges. The nodes are arranged in a vertical line, with the top node connected to the second node, the second node connected to the third node, and the third node connected to the bottom node. The edges are labeled 'N' and 'E'.

The bottom diagram shows a cycle structure with 4 nodes and 4 edges. The nodes are arranged in a square, with each node connected to its two adjacent nodes. The edges are labeled 'N' and 'E'.

[illegible]

A decorative graphic featuring several musical staves with notes and clefs, arranged in a flowing, wavy pattern across the page.

56

57

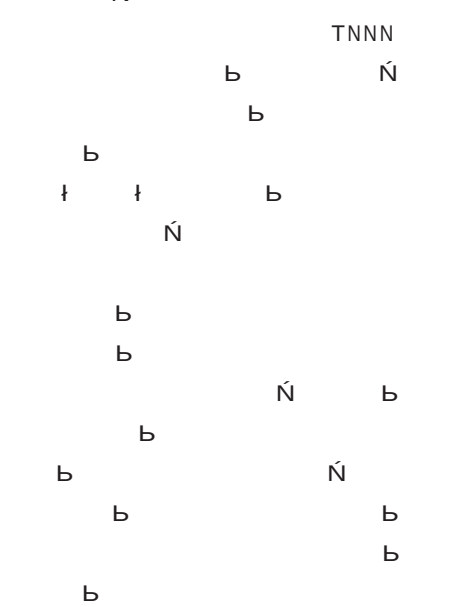

The diagram illustrates a neural network architecture with the following components and connections:

- Input Layer (Bottom):** Contains nodes labeled 'b' and 'N'. A 'P' (pooling) operation is indicated near the bottom left.
- Hidden Layers:**
 - Contains nodes labeled 'b', 'N', 'S' (sigmoid), and 'K' (kernel).
 - Connections between layers are marked with 'N' and 'b'.
- Output Layer (Top):** Contains nodes labeled 'b' and 'N'. A 'P' (pooling) operation is indicated near the top right.

The diagram shows a complex flow of information through these layers, with various operations and connections indicated by lines and symbols.

爱，这样对我说

中国文联出版社 2014年

我们相爱是那样偶然
我们相爱却是那样地自然
从开始到现在
生活总是那样令我们欣然
仿佛是上帝
一直将爱火点燃
喧嚣的都市
这份爱倔强地昂然

中国建材集团员工喜迎奥运圣火
